

Shend Zhjeqi

Department of Mathematics, University of Michigan | 520 Church Street, Ann Arbor, MI 48109 | shendzh@umich.edu
Curriculum Vitae

EDUCATION

2022-Present Ph.D. in Mathematics, University of Michigan, Ann Arbor. Advisor: Mircea Mustață.
2018-2021 B.S. in Mathematics, University of California, Los Angeles.

RESEARCH INTERESTS

Algebraic geometry (moduli spaces, Hodge modules, and singularities)

PREPRINTS

2026 [Moduli spaces of varieties of general type are naturally of log general type](#) (joint with Sebastian Casalaina-Martin), Arxiv 2608.01441.
2026 [Moduli spaces of snc klt KSBA stable pairs are naturally of log general type](#) (joint with Sebastian Casalaina-Martin), Arxiv 2607.15203.
2026 [Foliations, Slope Stability, and Positivity of Log Canonical Bundles on Deligne-Mumford Stacks](#) (joint with Sebastian Casalaina-Martin). Arxiv 2605.26443.
2026 [Movable curve classes and slope stability on Deligne-Mumford stacks](#) (joint with Sebastian Casalaina-Martin). Arxiv 2605.26101.
2026 [Positivity in the context of Hodge modules and Higgs bundles on Deligne-Mumford stacks](#) (joint with Sebastian Casalaina-Martin). Arxiv 2605.22989.

HONORS AND AWARDS

2026 Arthur H. Copeland Memorial Fellowship, University of Michigan.
2021 Sherwood Prize, UCLA Mathematics Department. Awarded annually to outstanding graduating mathematics seniors.
2020 Valentine and Hoel Memorial Award, UCLA Mathematics Department. Awarded to outstanding junior students for extraordinary achievement and potential for advancement in mathematics.
2017 Bronze Medal, International Mathematical Olympiad (2017)

RESEARCH TALKS

2026 "Moduli and Positivity," National Institute of Mathematics, Academy of Sciences of Albania, Albania.
2026 "Hodge Modules and Geometry of Stacks," AMS Special Session "Riemann-Hilbert and Singularities of Algebraic Varieties," Boston College.
2026 Short Talk: "Hodge Modules and Geometry of Stacks," WAGS.

CONFERENCES AND WORKSHOPS

2026 "Summer School and Workshop on Foliations", University of Michigan.
2026 WAGS, University of California - San Diego.
2026 AMS sectional, "Riemann-Hilbert and Singularities of Algebraic Varieties," Boston College.
2025 Simons Moduli of Varieties Conference, Simons Foundation .
2025 Summer Research Institute in Algebraic Geometry, Colorado State University.
2025 Spring School and Conference: Singularities in Algebraic Geometry, Henri Lebesgue Centre.
2024 Higher Du Bois and Higher Rational Singularities Workshop, American Institute of Mathematics, Pasadena, California.
2024 Simons Moduli of Varieties Conference, University of Utah.
2024 School "Singularities in Ann Arbor," University of Michigan.
2024 School on Hodge Theory and Cohomological Jump Loci, University of Stockholm.
2024 Winter School "Mixed Hodge Modules," Simons Center for Geometry and Physics.
2024 Fifth Latin American School of Algebraic Geometry (ELGA V), IMPA.
2023 Summer School "FRG Special Month in Ann Arbor," University of Michigan.

TEACHING, MENTORING, AND OUTREACH

2026	Graduate Student mentor for an undergraduate research group at LoG(M), in progress.
2022-2026	Graduate Student Instructor, University of Michigan: Calculus I and Calculus II.
2019-2023	Helped organize and run five high school mathematics olympiads in Kosovo and Albania.
2019-2021	Lead, Olympiad Group, Olga Radko Math Circle, UCLA.
2019-2021	Invited instructor, number theory, Kosovo IMO team.
2019	Invited instructor, number theory, Kosovo EGMO team.
